

UNIVERSAL AP L BRACKET WALL MOUNT WITH COVER

The AccelTex Solutions AP L Bracket Wall Mount with Cover allows an AP to be mounted on a wall while still maintaining the preferred horizontal orientation to the ground. The cover is easily removed and hides cabling and power cords running to the AP, creating a very aesthetically pleasing solution for indoor AP mounting. The AP snaps into place by fitting the AP mounting feet into pre-defined keyholes in the mount or using the T-Bar mount supplied with the AP. Includes wall mount anchors and screws. Additional fasteners may be required for other mounting surfaces.

Part Number: ATS-APLTKT-COV-UNIV1

> MECHANICAL SPECIFICATIONS

Dimensions: 5.2" H x 7.4" W x 9.8" D (132mm H x 188mm W x 250mm D)
